A drizzling rain at night turned into snow, and when daylight turned into show, and when daylight came Wednesday morning, the ground was covered with "the beautiful" and sil day the bil continued, making the weather thoroughly disagreeable. Franklin, Ky., Dec. 25.—What appeared as a surprise and a real sensation to many has been kn wm by a few for several weeks, that is, that Judge W. L. Reeves would contest Judge W. L. Reeves would contest the election of Judge Guffy, the re-cent Republican candidate against him for judge of the court of appeals whom the face of the returns in the late election gave 861 majority. Hon. W. F. Browder, of Russellville will be the chief attorney for Judge Reeves, and he will have many valuable assistants from the bar of the district. The governor, attorney gendistrict. The governor, attorne eral of the State, secretary of and auditor will be the tribunal before whom the contest will be tried. The whom the contest will be tried. The court of appeals is the highest court in the State, and in the past has been graced by the ablest lawyers in the Commonwealth, and its present judges are eminent men in their profession, and if Judge Reeves is successful in his contest case, he will be the "noblest Roman of them all." The concensus of opinion here is that Reeves will and ought to be successful, and the matter of contest is approved by the leading Democrats. Fraud is the ground of contest set forth in the notice.

Important Change in Time Card Another important change has been made in the Ohio Valley time card. The new table does not inter-fere with the time of departure of the north bound express, leaving this city at 5:45 a. m., but its mate arrives for at 5:35 a. m., but its mate arrives for-ty-five minutes earlier at night, the time being 9:15 instead of 10 o'clock. Train No. 3 leaves this city at 2:45 p. m., instead of 3:45. These are the only changes of note. It is under-

# stood that proper connection will be made with the C., O. & S. W. at Princeton, but no official information to this effect has been given out.

John Boyd Thacher is laconic and decisive in his statements. During the lively campaign just closed in New York, this mark-d him especially as chairman of the Democratic State committee. It was equally true of him as chairman of the Executive committees and wards at the utive committee on Awards at the World's Fair. This is the positive and sententious way in which he veri-fies in an official letter, the honors won by Dr. Price's Baking Powder: "Il herwith enclose you an official copy of your Award, which in due time will be inscribed in the diploma and forwarded." Thus the question respecting the award, raised by an expired New York and the state of the envious New York rival, is settled be-yond cavil. This same rival by the way is widely advertising an award for itself.
